

The CCI Group of Companies is pleased to announce that **Frederick's Manufacturing LLC** has joined the CCI family.

Founded in 1965 and based in New Iberia, Louisiana, Frederick's Manufacturing LLC has served the Gulf Coast and beyond for nearly 60 years. The company operates a large machining and manufacturing facility specializing in CNC and conventional machining, subsea fabrication, and wireline tooling. Frederick's manufactures critical components such as packer parts, downhole tools, hydraulic cylinders, subsea structures, pipe clamps, HDD Tools, mats, and custom-fabricated assemblies, supporting clients across the oil and gas, marine, industrial, petrochemical, agricultural, and wireline sectors.

Frederick's Manufacturing LLC brings to CCI a strong legacy of manufacturing expertise and a trusted reputation for delivering reliable, high-quality equipment to customers across North America. By joining the CCI Group of Companies, Frederick's gains access to expanded technical resources, engineering support, and a broader network of industry specialists—while continuing to operate with the same team, values, and customer-first approach its clients know and trust. For CCI, the addition of Frederick's Manufacturing LLC strengthens CCI's in-house manufacturing capabilities, expands equipment offerings, and enhances the Group's ability to deliver integrated, end-to-end solutions to clients across North America.

As part of the CCI Group of Companies, Frederick's Manufacturing LLC will remain focused on manufacturing solutions for industries including oil and gas, construction, and infrastructure, while benefiting from CCI's multidisciplinary engineering, construction, and technology expertise. This partnership strengthens Frederick's ability to serve their customers while preserving what makes them successful. Together with CCI, Fredericks is positioned for long-term growth, innovation, and continued excellence.

For customers and partners, this transition means **continuity, enhanced capability, and new opportunities**—all backed by the strength and stability of the CCI Group of Companies.
